MINING & DRILLING - COMMUNICATION SOLUTIONS

The exploitation of natural resources is highly dependent on communication solutions that meet the demands of the supply chain.

Working in remote areas is often hazardous. Thus, the quality of the communication equipment is essential. Radio efficiency and quality is essential to the management in mining and drilling.

Danimex has the experience, the systems and the equipment to meet the special requirements in this field of

Threats from an open mine requires safe and rugged two-way radios that are reliable in dangerous environments. ATEX certified radios are approved for work in hazardous environments and can withstand the hard work.

See our selection of ATEX certified radios here:

- **DP4000Ex Series - Digital portable ATEX radios**
- **MTP8000Ex Series - Portable TETRA ATEX radios**
