SAVOX

SAVOX Promate RSM-30 RSM for smart phones

Designed for smartphones and tablets, the Savox Promate RSM-30 is a rugged remote speaker microphone with push-to-talk and full duplex call capability. The ergonomic design allows easy option even when wearing gloves. Light weight and robust design (IP55) as well as a variety of optional earpieces allow a quick adaptation to any work environment.

"The unit is very easy to use. All the functions are self explanatory apart from the multi function button which is easy to master and you can use that button to swap between different types of system/phones."

James Bertram - Assistant Coordinator Largs First Responder Unit - Scotland
