# PRIOR APPROVED DISTRIBUTOR FOR OIL COMPANIES

The Achilles JQS Certificate is to show that Danimex has been prior approved as a distributor for oil companies. This means that oil companies can place an order without prior approval or putting out the tender.

### An easier process

Achilles JQS makes it easier for buyers to identify suppliers and vice versa. It collects, validates and updates information so that it is available worldwide within the Achilles network. Global services are made available for regional communities and global expertise is updated locally.

### Quality time

By being Achilles JQS certified a lot of time is saved and can be used on maintaining relationships rather than researching suppliers. With a certificate from Achilles the quality is already guaranteed.
