ISO 9001:2015 STANDARD

26th February 2018

DANIMEX HAS SUCCESSFULLY PASSED A RECERTIFICATION AUDIT FOR THE ISO 9001:2015 STANDARD

We are pleased to announce that we have recertified for the ISO 9001:2015 standard. Danimex has previously earned certification under ISO 9001:2008 in 2012 and has been audited and registered annually since then.

ISO 9001:2015 certification is an international recognition given to organisations who implement a rigorous and effective quality management system. It provides a model for a quality management system which focuses on the effectiveness of the processes in a business to achieve desired results. The standard promotes the adoption of a process approach emphasizing the requirements, added value, process performance and effectiveness, and continual improvement through objective measurements.
