10th June 2015

[Print article](#)

Danimex supports the UN Global Compact and has been a member since 2008.

Corporate Social Responsibility on a higher level

The UN Global Compact is world's largest voluntary corporate responsibility initiative for businesses.

To be a member, a business must be committed to aligning their operations and strategies with ten universally accepted principles in the areas of human rights, labour, environment and anti-corruption.

The COP report

Each member must submit an annual report on the challenges and achievements as well as future goals within the 10 principles defined by the UN. The report is labelled "Communication on Progress (COP)".
