# DEFENCE AND SECURITY

Danimex offers world-leading communication solutions, products and services that meet society's changing needs for defence and security.

Danimex has a vast experience in designing communication solutions targeted at the defence and security business areas and understands the special needs required to meet with the market expectations.

## An everyday practice

Defence and security has become a part of everyday practices and the aim of protecting the public is the priority. Educated personnel and the best technologies are companions in this task.
