OIL & GAS - COMMUNICATION SOLUTIONS

Drilling for oil and gas and operating vast infrastructures needs constant monitoring. This is where communications solutions from Danimex come in.

Danimex can deliver comprehensive communication solutions designed specifically for each site requirements and can withstand major environmental threat such as explosive gases, extreme temperature, dust, rain, noise and toxic exposure.

We hold the Achilles JQS certificate, and apply hardware solutions of the highest quality - ATEX approved wherever needed - and take no chances. [See certificate here.](#)

Solutions from Danimex keep your staff safe and your shareholders happy.

ATEX radios are certified and tested to withstand the hazardous environments in the Oil & Gas Industry.

See our selection of ATEX certified two-way radios here:
