## Achilles JQS certificate

Danimex has been prior approved as a distributor for oil companies.

We can supply hardware solutions of the highest quality suitable for oil and gas operation locations.

[See certificate here.](#)

# OIL & GAS - COMMUNICATION SOLUTIONS

Working in hazardous environments requires reliable communication for your safety. It is important that all workers, working in dangerous areas, are equipped with rugged and reliable communication tools to support collaboration and decision making.

Danimex can deliver comprehensive communication solutions designed specifically for each site requirements and can withstand major environmental threat such as **explosive gases, extreme temperature, dust, rain, noise and toxic exposure.**

## IMPROVE SAFETY AND PRODUCTIVITY WITH COMMUNICATION SOLUTIONS FOR THE OIL & GAS INDUSTRY

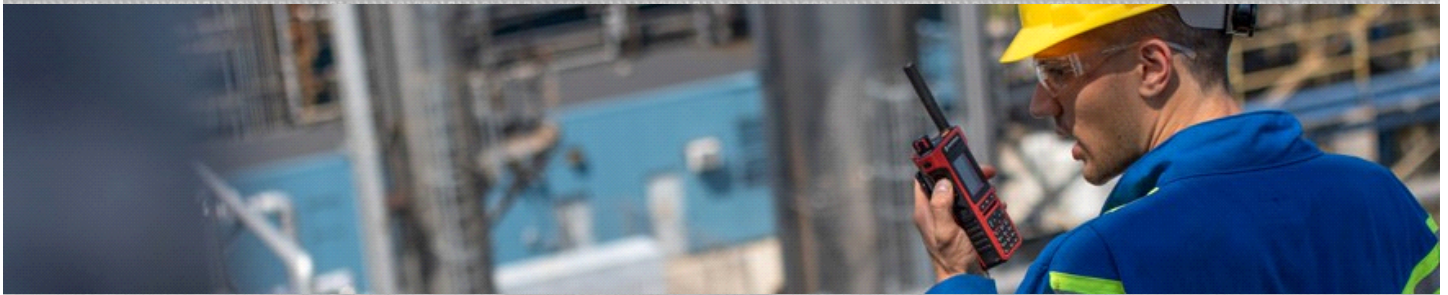

Whether you need two-way digital radios or TETRA critical communication system, we meet the industry demand and diverse requirements by providing full range radio systems that enables fast emergency response, with features that include:

- ▶ **Pre-emptive Priority Call** – Takes priority over other types of calls being made simultaneously so crucial operational information is relayed without delay.
- ▶ **System Pre-configurations** – Emergency scenarios are pre-configured and automatically activate in response to incidents.
- ▶ **Unified Push-To-Talk (PTT)** – Ensures seamless voice interoperability across all networks in the infrastructure.
- ▶ **Automated Notification** – Gives immediate notification to all or parts of a team at the click of a button.
- ▶ **Group Call** – Allows for group calls assigned according to different functions to increase communication efficiency.
- ▶ **Man Down** – Automatically sends out an alert if the radio is tilted past a defined angle or remains stationary for a fixed period of time.

ATEX radios are certified and tested to withstand the hazardous environments in the Oil & Gas Industry.

See our selection of ATEX certified two-way radios here:

- DP4000Ex Series - Digital portable ATEX radios
- MTP8000Ex Series - Portable TETRA ATEX radios
